

## Broom Specification

S/N	Dimension	Specification	Bidder specification
01	Usage	Easy to sweep, dust and brush	.....
02	Type of Head	Flexible Head	.....
03	Type of stick/handle	Long wooden broom stick PVC Coated	.....
04	Type of fibers	Synthetic Plastic fiber	.....
05	Head Connecting Method	Threaded System	.....

## Ekel Broom Specification

S/N	Dimension	Specification	Bidder specification
01	Usage	Easy to sweep, dust and brush.	.....
02	handle	Long Wooden handle	.....
03	Bristle Material	Natural dried Coconut Ekel	.....
04	Binding Material	Specify	.....

## Mop Bucket Specification

S/N	Dimension	Specification	Bidder specification
<b><u>Mop with handle</u></b>			
01	Type of mop	Floor Mop	.....
02	Type of mop head	String Looped End Mop	.....
03	String Material	Cotton String	.....
04	Mop Head	Removable	.....
05	Handle	Long Wooden broom stick PVC Coated	.....
<b><u>Mop Bucket</u></b>			
01	Colour	Specify	.....
02	Material	ABS/PP Plastic	.....
03	Handles	With handles	.....
04	Water capacity	10 - 15 L	.....
05	Compartments	Dual	.....

# Wiper Specification

S/N	Dimension	Specification	Bidder specification
01	Brand	Specify	.....
02	Usage of wiper	Floor wiper	.....
03	Wiping width	Specify	.....
04	Handle Material	Long Wooden stick	.....
05	Blade Material	EVA Foam Blade or rubber	.....
06	Blade Width	40 cm – 45 cm	.....

**Floor cleaning brush (with Handle) Specification**

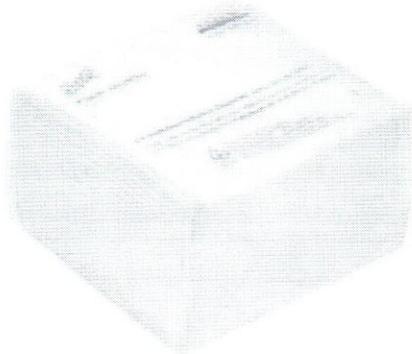

S/N	Dimension	Specification	Bidder specification
01	Product Type	Floor scrubbing brush	.....
02	Bristle Type	Hard synthetic bristles (nylon or Stiff polypropylene)	.....
03	Handle	With Long slim Handle	.....
04	Scrub Head	Heavy-duty plastic head	.....
05	Hanging Hole	yes	.....
06	Head width	6"	.....

## Toilet Brush Specification

S/N	Dimension	Specification	Bidder specification
01	Usage	Easy to sweep, dust and brush.	.....
02	Colour	Specify	.....
03	Type	Hockey-style Toilet Brush	.....
04	Handle	With long Handle ( 12" – 16")	.....
05	Bristle Material	High-density synthetic, nylon, or hygienic silicone.	.....
06	Hand Material	Durable, lightweight plastic with an anti-slip textured grip	.....
07	Head shape	Angled "Hockey" shape for under-the-rim cleaning	.....

## Paper serviette Specification

S/N	Dimension	Specification	Bidder specification
01	Material	100% Virgin Pulp or Recycled Paper	.....
02	Sheet Size	33 cm x 33 cm	.....
03	No of sheets	100 sheets per pack	.....
04	No. of ply	2 ply	.....
05	Material & Finish	100% Virgin Pulp / (Recycled Paper)	.....
06	Embossing	Border Embossed	.....

## Dust pan (with brush) Specification

S/N	Dimension	Specification	Bidder specification
01	Colour	Specify	.....
02	Material	Heavy-duty plastic (Polypropylene),	.....
03	Handle	With short handle	.....
04	Bristle Material	Synthetic (nylon or plastic) bristles with medium stiffness.	.....
05	Nesting Design	The brush handle fits into the dustpan handle	.....

**Lunch sheet (food wrapping sheets) Specification**

S/N	Dimension	Specification	Bidder specification
01	Colour	White/Semi-transparent	.....
02	Usage	Used for wrapping food, lining lunch boxes, or covering plates during meals	.....
03	Sheet Size	16" x 16"	.....
04	Quantity	500 sheets per pack	.....
05	Compostable	Yes	.....

**Air freshener bottle - Specification**

S/N	Dimension	Specification	Bidder specification
01	Product Name	Air Freshener Spray	.....
02	Brand	Specify	.....
03	The type of product	Should be water-based or an air freshener with minimal volatile organic compounds.	.....
04	Fragrance	Rose/Lavender/Jasmine (The fragrance should be mild, pleasant and long lasting)	.....
05	Container type	Plastic bottle with a spray pump (Trigger Spray)	.....
06	Capacity	450 ml – 750 ml	.....
07	Quality	Should be environmentally friendly and contain chemicals that are not harmful to human respiration. (Non-toxic & CFC Free)	.....
08	Standards & Certifications	Specify	.....
09	Labeling	should be clearly mentioned on the package	.....
10	Shelf life	Minimum of 24 months from the date of manufacture.	.....

## Air freshener Gel - Specification

S/N	Dimension	Specification	Bidder specification
01	Product Name	Air Freshener Gel	.....
02	Brand	Specify	.....
03	The type of product	A gel based air freshener	.....
04	Fragrance	Rose/ Lavender/ Jasmine	.....
05	Net Weight)	Should be at least 50 g-70 g	.....
06	Health and safety	Should consist of environmentally friendly and non-toxic compounds.	.....
07	Standards & Certifications	Specify	.....
08	Labeling	should be clearly mentioned on the package	.....
09	Packing	Should be in a tight, leak-proof package that can be easily opened	.....
10	Shelf life	Minimum of 12 months from the date of manufacture.	.....

## Toilet cleaner - Specification

S/N	Dimension	Specification	Bidder specification
01	Brand	Specify	.....
02	Type	Acid-based, concentrated toilet cleaner should be liquid.	.....
03	Usage	Suitable for removing rust, limescale and stubborn stains from toilet bowls and urinals.	.....
04	Appearance	Should be a clear colored liquid	.....
05	PH Value	Must be 1.0 – 3.0 (strongly acidic).	.....
06	Fragrance	Should have a pleasant fragrance and should be deodorizing after use.	.....
07	Viscosity	Must be viscous enough to remain on a vertical surface for long periods of time	.....
08	Disinfecting ability	Guaranteed to kill 99.9% of bacteria and microorganisms	.....
09	Shape of the bottle	Under the rim of the toilet bowl should be a squeezable plastic bottle with an "angled neck" so that the liquid can be easily dispensed	.....
10	Capacity	500 ml - 750 ml	.....
11	Standards & Certifications	Specify	.....
12	Labeling	should be clearly mentioned on the package	.....
13	Shelf life	Minimum of 24 months from the date of manufacture.	.....

**Dish wash bottle - Specification**

S/N	Dimension	Specification	Bidder specification
01	Brand	Vim or equivalent	.....
02	Nature	Homogeneous viscous liquid	.....
03	Usage	Dishwashing	.....
04	Clean ability	Must have high oil and dirt removal efficiency	.....
05	Effects on the skin	Skin-friendly/pH balanced should be present on the hands	.....
06	Active Matter	should be at least 10% (w/w) or more	.....
07	The pH value	should be between 6.0 - 8.0	.....
08	Solubility	Must dissolve completely in water	.....
09	Volume	500 ml – 750 ml	.....
10	Fragrance & Color	Pleasant, refreshing scent (e.g., Menthol/Cooling effect) and clear/translucent appearance	.....
11	Packaging	Shall be strong plastic bottles with a push-pull cap, designed to be leak-proof.	.....
12	Standards & Certifications	Specify	.....
13	Labeling	should be clearly mentioned on the package	.....
14	Shelf life	Minimum of 24 months from the date of manufacture.	.....

## Hand wash bottle - Specification

S/N	Dimension	Specification	Bidder specification
01	Brand	Dettol or equivalent	.....
02	Type	Antiseptic/Antibacterial Liquid Hand Wash	.....
03	Usage	Should be suitable for use on normal skin and should not be harmful to the skin.	.....
04	Fragrance & Color	Pleasant, refreshing scent (e.g., Menthol/Cooling effect) and clear/translucent appearance.	.....
05	pH Value	Should be between 5.5 - 7.5 (to match the skin's natural pH).	.....
06	Viscosity	Must be at a level that can be easily removed from a pump (Pump dispenser).	.....
07	Container Type	High-Density Polyethylene (HDPE) or PET bottle with a heavy-duty lockable pump dispenser.	.....
08	Volume	200ml – 250ml	.....
09	Active Ingredients	Must contain approved compounds capable of killing bacteria and germs	.....
10	Moisturizing Agents	Must contain moisturizer (Moisturizer/Glycerin) to prevent skin drying.	.....
11	Standards & Certifications	Specify	.....
12	Labeling	should be clearly mentioned on the package	.....
13	Shelf life	Minimum of 24 months from the date of manufacture.	.....

**Tile cleaner - Specification**

S/N	Dimension	Specification	Bidder specification
01	Brand	Specify	.....
02	Product Name	Tile Cleaner	.....
03	Type	Concentrated Acidic & Homogeneous Liquid	.....
04	Usage	Specially formulated to remove stubborn dirt, cement stains, rust stains and moss from tile surfaces.	.....
05	Surface Compatibility	Must be suitable for ceramic, porcelain and bathroom fixtures	.....
06	PH Value	generally have a pH between 3 - 13	.....
07	Active ingredients	Should contain hydrochloric acid (HCl) or similar cleaning acids	.....
08	The fragrance	Should contain suitable fragrances so that it is not difficult to use.	.....
09	The solvent	Must be completely miscible with water.	.....
10	Capacity	500 ml - 750 ml	.....
11	Standards & Certifications	Specify	.....
12	Labeling	should be clearly mentioned on the package	.....
13	Shelf life	Minimum of 24 months from the date of manufacture.	.....
